

## Certificate of Analysis

<b>Product Name:</b>	<b>Coconut Water Powder</b>
<b>Production Date:</b>	Aug 20, 2017
<b>Quantity/Pack Size:</b>	20 kg per Kraft Bag
<b>Packaging Material:</b>	3 ply plain kraft bag with PE liner 0.003 microns
<b>Shelf-life:</b>	1 and half year

### COMPOSITION/INGREDIENT INFORMATION

Material	% Ratio
Aseptic Coconut Water	70.00%
Maltodextrin	30.00%

Parameters	Specification
<b>Color/Appearance</b>	White/Powder
<b>Texture</b>	Free flowing powder
<b>Odor (as powder)</b>	Strong Coconut odor
<b>Taste (as powder)</b>	Strong Coconut taste
<b>Odor (in solution)</b>	Mild Coconut odor
<b>Taste (in solution)</b>	Mild Coconut taste

#### Physico-chemical Properties

<b>Moisture Content</b>	2.5-4.0 %
<b>pH</b>	6.3
<b>Total Soluble Solids</b>	2.7 °Brix
<b>Bulk Density</b>	0.40-.48 g/ml
<b>Solubility</b>	Soluble in water at Room temperature within 15 seconds

\*dissolve 5 grams of sample powder into 180ml lukewarm distilled water

Note: Being natural, degree of sweetness, color shade and taste may slightly depend upon current availability of fruits/vegetables for the season.

Important Product Requirement: Store in cool, dry place free from rodents and insects. Avoid exposure to direct sunlight or excessively high humid areas to prevent lumping and discoloration of the product.
