

Product: Organic Coconut Flour

Manufacturer In: Philippines

Certifications: USDA/NOP Organic, Kosher

Quality Parameters:

This product is produced and process under hygienic conditions. The product is not irradiated, treated with sewer sludge, or produced with genetically modified materials.

Process Description:

Organic Coconut flour is produced from the meat of organic coconuts after it has been pressed to produce virgin coconut oil. The processing steps are: cracking the coconut, removing the husk and shell, grating the meat, drying the meat, pressing out the oil, pulverizing, inspection and packaging.

Packaging:

10kg / 22lb double lined sacks

Storage:

Store product at less than 30C and Relative Humidity less than 50%. Product should be stored on pallets in an odor-free environment. Coconut flour is naturally hygroscopic. No free-flowing or anti-caking agents have been added. Therefore, in low humidity conditions, this product may exhibit some hardening or caking.

Shelf Life:

12 months from production when stored under recommended conditions.
